

FIG. 2

FIG. 2 is a schematic diagram of a chemical process system. The system includes a feed stream 100 entering a tank 3. A pump 24 is connected to a tank 25. A tank 4 with an internal stirrer 19 is connected to a pump 16. A tank 14 is connected to a pump 29. A tank 20 is connected to a pump 8. A tank 21 is connected to a pump 9. A tank 6 is connected to a pump 10. A tank 22 is connected to a pump 7. A tank 18 is connected to a pump 11. A tank 12 is connected to a pump 104. A tank 105 is connected to a pump 107. A tank 108 is connected to a pump 109. A tank 106 is connected to a pump 103. A tank 102 is connected to a pump 101. A tank 100 is connected to a pump 100.
